Notes:

- ¹ "The event when the state or EPA formally selects a remedy designed to meet RCRA Corrective Action long-term goals of protection of human health and the environment. This event code also applies when no further corrective action is required because stabilization measure(s) have already been implemented or because the site characterization has demonstrated the attainment of the long-term RCRA Corrective Action goals." See RCRAInfo Data Dictionary for complete event code definition. Each unit and AOC must have an approved remedy for this event code to apply facility-wide.
- ² "The event when the state or EPA acknowledges in writing that the RCRA facility has completed construction of a facility's remedy that was designed to achieve long-term protection of human health and the environment, and that the remedy is fully functional as designed, whether or not final cleanup levels or other requirements have been achieved. Remedy construction may also acknowledge the event where no remedy is constructed." See RCRAInfo Data Dictionary for complete event code definition. Each unit and AOC must have an approval of the remedy construction or approval of the decision that no physical construction is needed for this event code to apply facility-wide.

Dear Mr. Mathis:

The Texas Commission on Environmental Quality has reviewed the Semiannual Ground-Water Monitoring Site Activity Report, dated October 2005, and received on February 3, 2006. The report was submitted to fulfill the reporting requirements of Provision 11 of the Agreed Order dated July 7, 1993. We had reviewed the report and, in our letter of March 28, 2006, had noted several items of concern which were to be rectified. We have reviewed and approve of your response dated October 23, 2006. Please provide the results of your sampling program within 60 days of date of this letter.

Questions concerning this letter should be directed to me at (512) 239-2361. When responding by mail, please submit an original and one copy of all correspondence and reports to the TCEQ Corrective Action Section at Mail Code MC-127. An additional copy should be submitted to the local TCEQ Region Office. The information in the reference block should be included in all submittals.

Sincerely,

Gary Beyer, P.E., Project Manager
